United States Senate

COMMITTEE ON HEALTH, EDUCATION, LABOR,
AND PENSIONS

WASHINGTON, DC 20510-6300

March 2, 2023

To Health Care Stakeholders:

On February 16, 2023, the Senate Committee on Health, Education, Labor, and Pensions held a hearing “Examining Health Care Workforce Shortages: Where Do We Go From Here?” The hearing aimed to understand the root causes of our current health care workforce shortages, and explore potential legislative solutions. During the hearing, we heard from the perspectives of medical and nursing colleges, a health system, and a health care economist.

Now the Committee would like to request input from all stakeholders to best understand your views on the drivers of health care workforce shortages and hear your ideas on potential solutions.

This year, we intend to identify bipartisan solutions to remedy our nation’s health care workforce shortages and develop these ideas into legislation.

Please submit your written response to HealthWorkforceComments@help.senate.gov by March 20, 2023.

Sincerely,

Bernard Sanders
Chair
Senate HELP Committee

Bill Cassidy, M.D.
